

Commonwealth 1

1754 sq. ft. | 3 Bedroom | 2 Bath

Uncommon Standards at an Uncommon Value.

This is one of our best selling plans.

The large great room shares an open design with the kitchen and dining room. The entertainer's kitchen features a distinctly shaped island and bar that brings people together while giving the chef room to move. The private master bedroom includes a walk in closet and master bathroom with double sinks, bath and shower. The double garage features a shop area for your workspace, toys or both.
